The Town of Neepawa
wants to thank you for embracing a
COVID-19
preventative culture
in our community.
When you take care of yourself,
you take care of everyone.

We have created a community contest to give you the opportunity to share your 'Why' behind your personal efforts in preventing the spread of COVID-19. We are asking our community to colour in these posters and share **who you are being safe for.** It could be your grandparents, friends, co-workers, mom, dad, or the community as a whole. Join our community to share your 'Why' for the chance to win a community prize pack (estimated value $250).

To enter do either of the following steps:

Take a picture holding your coloured poster and post the picture to The Town of Neepawa Facebook page, tagging **@TownofNeepawa** along with **#Neepawa**

OR

Put your coloured poster up in the front window of your home
(Town of Neepawa residents)

We will be awarding three prize packs, one each week until the contest closes at midnight on **Tuesday, October 20th, 2020.** Buy your copy of the Banner to get your poster or go to the Town of Neepawa website to download and print a copy at home.
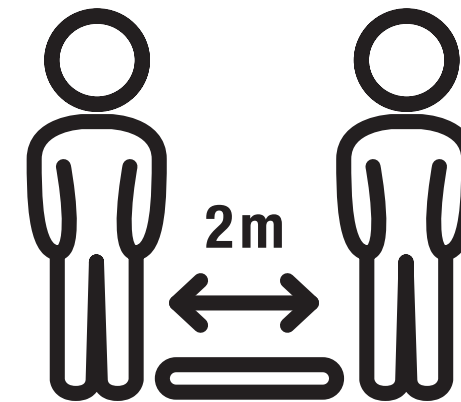

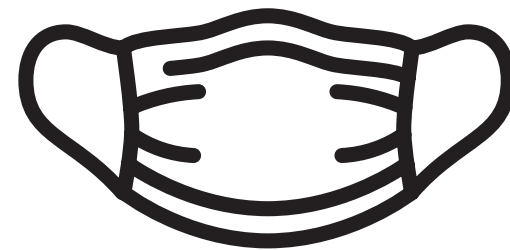

Don't wait!
Show us your 'Why' today!
