There will be 2 full size tennis courts that will accommodate up to four pickleball courts. A new parking lot, improvements to walking paths will also be completed as part of the Building Sustainable Communities Grant the Town received. ## TIRED OF STINKY BINS? **CLEAN THEM**

It is important to keep both your Garbage & Recycling Bins clean. You should be rinsing them out with your garden hose/power washer and cleaning solution frequently, especially in the summer months. This will ensure maggots and other issues do not arise.
